## A level Results August 2018

Churchdown School congratulates all students for another record set of A level results. Students worked hard for their Advanced grades and were very well supported by teachers and parents. There were 69 candidates in Year 13 and they have performed brilliantly across the full ability range and across all subjects. The pass rates have improved in every indicator! The overall pass rate is 96%. The percentage of grades at A\* - B grades is 50%. We have had a record number of A\* and Distinction\* grades this year. Across academic and vocational courses, all the threshold measures have improved on all other years, especially the top grades which bucks the national trend.

These results show that teaching is significantly improving at school and the results are the best we have ever had. It is worth adding that a third of all grades were at A\* or A or equivalent which is another improvement. Every student who applied to university won a place on a degree course and we are confident our students leaving school this summer can look forward to a very bright future. This is a committed group of young people who have made a huge contribution to the development of their school and will, I am sure, similarly impact the community. Well done to all.
