

School Governor

Being a School Governor is a hugely rewarding role. It will give you the chance to make a real difference to young people, give something back to your local community and use and develop your skills in a board-level environment. Mr Potter and the Governors are looking to work with a range of professional visionaries, from a range of industries, to ensure every student achieves their true potential in life.

The Governing Body plays an instrumental role in a school's success and the success of its students, they are a key part for providing clarity of vision, ethos and strategic direction and they make sure public money is well spent.

If you would like more information about what's involved please contact
